# ARMY FLIERS JOKE: QUESTION MARK SOARS ON TRAIN WRECK SUSPECT CAPTURED AFTER FIGHT

## Snow Drifts Tie Up Roads, Many Suffer

KANSAS CITY, Mo., Jan. 5.—(U.P.)—The icy hand of winter was laid on southwest and midwest states tonight as a cold wave supplanted a blizzard that swept out of the northwest. The death toll already has reached eight.

After fighting a blizzard most of today, residents of some sections of the midwest saw the thermometer rapidly decline tonight, reaching a low of five degrees below zero.

Nebraska, the Dakotas, Kansas, Missouri and Iowa are bracing the brunt of the storm, which is checking highways with snow, delaying trains and leaving hundreds of motor cars standing in drifts.

Skies were clearing in most of the storm area, but strong winds were whipping the snow into greater drifts and sending the mercury to new low levels for the winter.

## Condition Of King George Held 'Same'

LONDON, Jan. 5.—(U.P.)—King George spent a "restless" day but his condition remained unchanged tonight, the official bulletin issued at Buckingham Palace at 8:30 p. m. said.

He rested well last night and had shown a "slight improvement" in his condition, the morning bulletin had indicated.

Tonight's bulletin said: "In spite of a restless day the

King's condition was unchanged. No further bulletins will be issued until Sunday evening."

The fact that Sir Hugh Riggby's name was not on tonight's statement from the Palace was taken to indicate that the young man from the King's operation was progressing satisfactorily. Sir Hugh had attended all consultations since he operated on the King Dec. 12.

## 2 Army Aviators Burned To Death

WASHINGTON, Jan. 5.—(U.P.)—Two army aviators were burned to death today when the plane in which they were enroute from Langley field, Va., to Bolling field, here, went into a tail spin and crashed at Heathsville, Va.

The flyers were, Lieutenants Dean V. Johnston and Harry J. Osterman, both reservists who were ordered to active duty at Langley field after being graduated from the advanced flying school at Kelly field last October.

## Stay Of Execution Given Doomed Pair

FRANKLIN, La., Jan. 5.—(U.P.)—Another week of life was granted today to Mrs. Ada LeBeouf and Dr. Thomas E. Dreher, convicted and sentenced to death for the murder of Mrs. LeBeouf's husband.

The reprieve came will all the drama and last moment suspense of a third act thriller and after a confusion of legal differences that made it doubtful, almost until the scheduled hour of death, whether the couple would be hanged or spared for further argument.

## Bank Clerk Sought In Alleged Forgery

OAKLAND, Jan. 5.—L. B. Meyer, 26, bookkeeper of the California-Montgomery Branch of the Bank of Italy in San Francisco, is being sought by United States marshals today on a federal warrant charging him with tampering with and altering bank records.

Meyer, who resides at 1038 Forty-seventh street, Oakland, is accused of pecuniations amounting to approximately \$2,000, obtained according to authorities, through a clever system of check certificate forgeries. He is said to be missing since last Friday when an examination of his accounts was in-

augurated by bank officials. His wife claims to have no knowledge of his whereabouts.

The alleged manipulations are said to have started last May, but the forgeries were not discovered until Dec. 28 when customers who had completed their payments came to the bank and demanded delivery of the stock. The stock was then found to be missing. A discovery was made that the names of the holders of missing stock had been forged and the stock sold on the market, the police state.

## New Models In Beach Wear

SIX CHARMING Miami Beach bathing girls, wearing the latest ideas in attractive beach costumes. Note the colorful variety which is so popular this season.

## RICKARD IN LIFE FIGHT

MIAMI BEACH, Jan. 5.—(U.P.)—Rick Rickard lay in critical condition on a hospital cot tonight while specialists sought to stave off inflammation that followed removal of a gangrenous appendix five days ago.

The sports promoter, a peer in his line, was "a very sick man," according to the physician in charge, Dr. H. E. Adams, although a slight turn for the better was noted in bulletins at noon. At 1:40 p. m. Rickard dropped off to sleep.

A dramatic touch in the fight to save Rickard's life came during the day when Jack Dempsey, excited and hand waving, appeared at the hospital and insisted that a conference of doctors be called immediately to determine Tex's condition.

## Mrs. Sanford Sees Old Pal

Mrs. W. H. Sanford, Richmond realtor, of 2221 Mendocino avenue, received a surprise visit yesterday from Mrs. J. J. Hollingshead of Tracy whom she had not seen in 40 years. They attended school together in Garden City, Kansas.

Mrs. Hollingshead is planning to dispose of her property interests in Tracy and join her husband who is an instructor in a school in Alberta. A daughter is in the office of the trade commission connected with the American embassy in Rome and a son is studying in Rome.

### VISITORS RETURN

Mr. and Mrs. Fred Binney of Grass Valley returned yesterday to their home after a visit here with Mr. and Mrs. W. C. Kitley, 674 McLaughlin avenue.

### MARRIAGE LICENSE

Earl A. Cox, 22, of Richmond and Phyllis Gorder, 23, of Oakland, applied for a marriage license in Oakland yesterday.

## JENNIE STARK LEADS JUNIOR HIGH TENNIS

Miss Jennie Stark of the Roosevelt junior high school has been named as the foremost tennis exponent in the junior high schools by Mrs. Ruth Hesbol Healey, physical educational teacher for the junior and elementary schools here. Mrs. Healey made her list of the foremost girl players published yesterday.

Sylvia Seawright, of the Longfellow junior high school has been rated second in the list by Mrs. Healey.

In discussing this appointment, Mrs. Healey declared that in ability Miss Helen Dunsmuir should be rated third but as she has not played for several months the appointment could not be made.

Mrs. Healey's list is as follows: 1. Jennie Stark, R. 2. Sylvia Seawright, L. 3. Gertrude Heise, R. 4. Gertrude Kratzer, L. 5. Ruth Stoddard, L. 6. Maxine Thole, L. 7. Grace Westman, R. 8. Claire Smith, L. 9. Charlotte Wolff, R. 10. Marjorie Muller, L. Honorable Mention, Helen Dunsmuir.

## Mrs. Ledgerwood Fights For Life

The condition of Mrs. Olive Ledgerwood, worthy matron of Beacon chapter Order of Eastern Star, who was injured in an automobile accident near Walnut Grove Thursday night, remains unchanged according to word received here last night from the Sutter hospital in Sacramento.

A. B. Ledgerwood, her husband, and Albert Ledgerwood, son, are constantly at her bedside. Examinations revealed that two vertebrae had been broken, but hope is held for her recovery.

## Mrs. J. R. Unruh Has Operation

Mrs. J. R. Unruh, 404 Barrett avenue, underwent an operation at the Alta Bates hospital in Oakland Wednesday morning. She was reported yesterday as doing "as well as can be expected."

## Talkie Film Here To Stay

The coming of talking motion pictures is more than a theatrical incident. It is more than just another mode of entertainment.

It is something to make us pause for a moment in our daily routine and to consider and appreciate the rich heritage that has come to us.

Talking pictures are not a flash in the pan. They did not just suddenly spring into existence as a toy of the motion picture industry. They are the outgrowth of at least 20 years of experiment, 20 years of hard research, 20 years of hard years of plodding by experts.

Only those of us who recall the feeble efforts to produce talking pictures a score of years ago can fully appreciate the finished product that now comes to us.

Truly are talking pictures an achievement, scientific, educational and cultural. It makes the screen talk and laugh and sing when talking and laughing and singing adds to the value of the motion pictures.

## Suspect Held On Provide Charge

Byron Robertson, arrested in Fresno and charged with failure to provide, was arraigned before Justice of the Peace Arthur A. Alstrom yesterday afternoon. Bail was fixed at \$500 and his preliminary hearing has been set for Jan. 9. Thomas M. Carlson is attorney for the defendant.

## Supervisors To Name Chairman

MARTINEZ, Jan. 5.—A chairman will be elected and a committee appointed by the county board of supervisors at its meeting tomorrow when the board reorganizes for the year. Supervisor W. J. Buchanan has been chairman of the board for a number of years.

### REV. FORMAN RETURNS

Rev. and Mrs. George Forman of the Community Methodist church have returned to their homes here after a visit in Phoenix, Ariz., where they visited Forman's parents.

## PLANE IN AIR FOR FIVE DAYS

LOS ANGELES, Jan. 5.—(U.P.)—Another aviation mark fell tonight before the Question Mark when the Army plane passed its 111th hour of continuous flying over Southern California at 10:56 p. m.

The Question Mark surpassed the mark set by the Graf Zeppelin when it flew from Germany to Lakehurst, N. J. in 111 hours last fall.

The Question Mark has only to remain aloft until 6 a. m. tomorrow to exceed the longest sustained flight record in history, that of the ill-fated French dirigible *Bisnarde* which stayed up 118 hours and 12 minutes.

LOS ANGELES, Jan. 5.—(U.P.)—Five men who joked about Saturday night baths and the tribulations of keeping warm while changing clothing at 2000 feet above the ground were driving a dirigible ship into the pages of aviation history tonight.

Alternately they dropped messages "containing important commands and light quips but always they kept the nose of their plane headed directly to world's flight records."

All Marks Broken  
Behind them were all endurance records for heavier than air machines and just ahead the 118-hour mark, world's record for every type of aircraft, set by the French dirigible, *Bisnarde*.

The Question Mark, retained 23 times in mid-air since the flight started, appeared to be functioning perfectly as it soared over San Fernando valley tonight and the crew was happy and carefree.

Practically the only new development of the day was Major Spatz' decision to renew the try at the world's distance record and an added issue to the endurance test.

Distance Record  
The distance record was included in the original plans but was given up when bad weather interfered with passages from the metropolitan field at Van Nuys to Rockwell field at San Diego.

Under the reconstructed design the Question Mark will cover the measured course to San Diego when weather conditions permit but flying always near the Van Nuys airport at night and when fog or bumpy air are prevalent.

The records achieved by the plane can not be credited until it lands at the field from which it took off, according to competitive rules.

## Pinole Times Has Birthday

The Pinole Weekly Times, edited by E. C. Eason, recently celebrated its thirty-fourth anniversary. The weekly furnishes the community with local news.

## Thomas H. Dye Dies In Martinez

MARTINEZ, Jan. 5.—Thomas H. Dye, superintendent of the Ballou Guthrie terminal at Port Costa and for more than 40 years associated with grain firms there, died of pneumonia in his home this morning.

Surviving him are a widow, Mrs. Catherine Dye, and a son, Mrs. M. E. Dye. Funeral services will be held from the Curry parlors in Martinez Monday afternoon at 2 o'clock.

## Many In Cars Periled By Big Rock On Rails

SAN JOSE, Jan. 5.—Ernest Duck, 21, caught in an alleged effort to wreck a Peninsular Railway electric train crowded with passengers is being held in the county jail here on an open charge awaiting filing of a complaint by the railway company.

Doubt of his sanity has been expressed by the police and a sanity hearing has been ordered for Monday.

Duck, who is described as a "young plant," put up a terrific struggle with the deputy sheriffs before they were able to subdue him. The capture took place in the Monte Vista district after authorities had been appealed to by the railway officials seeking protection for their trains.

The railway officials claim that for more than a month their trains have been bombarded with large rocks and on more than one occasion passengers narrowly escaped being killed by stones thrown through the windows.

When Deputy Sheriffs Harry Smith and Joe Fitzgerald who had planted themselves on the train, reached the Monte Vista section a hail of rocks and chunks of concrete poured on the train.

The train came to a standstill with the front wheels almost on a huge concrete boulder which (Continued on Page 6)

## Improved Lighting In County Tunnel

MARTINEZ, Jan. 5.—An increase of 10 percent in light through the intercounty tunnel will be enjoyed by motorists hereafter.

The entire length of the tunnel has been strengthened with new and repaired timbers. A new coat of whitewash has been applied,

giving a better reflection for the new lights which have been installed.

Contra Costa county and the city of Oakland will bear the cost of the improvement. Forty five percent of the tunnel lies within the city limits of Oakland.

## Bethel Island Flood Suit Trial Ordered

MARTINEZ, Jan. 5.—Superior Judge H. V. Alvarado today denied a motion for a postponement on a plea of serious illness of the defendant and ordered immediate trial of 20 suits pending against W. T. Sesson, Oakland capitalist, and the Sesson Realty company.

The suits, aggregating \$100,000 are for alleged damages resulting from the flooding of Bethel Island in the San Joaquin river delta district in 1926.

As a result of the court's order, one and possibly more of the remaining untied suits will go to trial Tuesday.

All of the actions charge that the flooding of the island resulted from cutting of a dike on the Sesson holdings to install a drain pipe. The river cut the repaired levee and inundated hundreds of acres, destroying crops.

One suit has already been tried, the plaintiffs, Cleaves and Bloomfield, receiving judgment of \$233,500, after suing for \$50,000.

## Tormey Man Saves Wife From Flames

MARTINEZ, Jan. 5.—Mrs. C. Aros of Tormey was saved from a painful death by the prompt action of her husband when the woman's clothing became ignited following the exploding of an oil heater in their home.

Flaming kerosene was thrown over the face and clothing of the woman, burning the front of her body from the knees up. Her husband heard her screams. He jumped from a cot on which he was sleeping and wrapped her in blankets torn from the cot.

After the flames had been extinguished, Aros called a physician. Although he was badly burned on the hands and face he drove to Stockton to bring relatives to stay with his wife.

have been a tenant of the Pardins.

Corporal Muldoon was shot in the right leg by an anchored shotgun operated by a wire over which he tripped in the dark. He was taken to the emergency hospital where blood transfusion and amputation were resorted to in an effort to save his life.

Muldoon, Hughes and Victor Olsen went to the place last night to investigate a report that a huge still was in operation there. While groping about in the darkness, Muldoon tripped over a wire. There was a loud report and a charge struck Muldoon, nearly tearing off his leg.

## 'LION, MOUSE' OPEN TALKIE PROGRAM

"The Lion and the Mouse," Warner Bros. extended run production, comes to the California theater Monday for two days run. The all-star cast is headed by two of the most popular actors of the screen, May McAvoy and Lionel Barrymore. The forceful presence and manner of Barrymore makes him the most choices of all choices to play the lion of the financial world, "Ready Money" Ryder. And May McAvoy, the plump and petite, is in delightful contrast as the sly little "mouse" who nibbles the riches of the lion and hides the riches from his better nature.

The means by which Shirley, the "mouse" accomplishes the remaining of Ryder, the relinquishing of her father and the capturing of "Ready Money" is the subject of the picture. The picture is a thrilling story, which is a screen revival of Charles Klein's celebrated stage success of some years back.

The scenario was done by Robert Lord and Lloyd Bacon directed. Others in the cast are Alec Francis, William Collier, Jr., Emmett Corrigan and Jack A. Roy. The picture is proclaimed "The Lion and the Mouse" to be one of the most brilliant dramas of the year. You'll miss a lot by missing it.

## Great Dance In Annapolis Film At California

What is considered to be one of the largest social gatherings ever recorded by a motion picture camera is to be seen in the picture "Annapolis," which will be on view at the California theater today. It is the annual June Ball held at Dahlgren hall with an attendance of 6,000—not one of them being a Hollywood extra but real midshipmen, naval officers and prominent personalities who went to the U. S. Naval Academy at Annapolis for the occasion.

In order to obtain the correct lighting for photographing the scene it was necessary to make extensive preparations before director Christy Cabanne and cinematographer Arthur Miller started "shooting." Jeanette Loff, John Mack Brown and Hugh Allen who play the featured roles in the picture were present at the dance, as were also many notable persons, including Admiral Nimitz, superintendent of the U. S. Naval Academy, Major General Lejeune, Commander of the Marine Corps, Secretary of the Navy Wilbur, and others. "Annapolis" is a picture that deals with the daily lives of the Midshipmen at the Academy. It is said to be packed with thrills.

## Western Team To Be Seen At Theater Here

Tom Tyler and his party are here to be seen at the California theater today in their latest picture "The Tyrant of Red Gulch." Tom and Frankie are displaying a host of new tricks that are sure to draw the house.

"The Tyrant of Red Gulch" deals with the adventures of a wandering cowboy and his party in the wastes of northern Nevada. They discover a tiny forgotten village under the power of a malicious band who has seized all the wealth of the north. After a series of thrilling adventures Tom and Frankie manage to solve the mystery in typical Tyler manner.

The cast was directed by Robert DeLoach and includes such stars as Harry Woods, Barney Furey, Josephine Porto and Sorel Fenoff.

## Health Clinic Conducted Here

The weekly free clinic was held at the Richmond Health center yesterday under the direction of Dr. C. R. Blake, city health commissioner, and Mrs. Sarah L. Purviance, director of the Health Center. A large number of Richmond residents appeared at the clinic and were immunized against diphtheria and small pox.

## Post Office In El Cerrito Gains

Post office receipts in El Cerrito during the year 1928 increased over \$1050, according to Postmistress Mrs. L. W. McNeil. During 1928, each quarter showed an increase over the same period in 1927, according to Mrs. McNeil.

## Former Pastor To Preach Here Today

Rev. John C. Gillette, who was pastor of the First Methodist church here from 1916 to 1919, will occupy the pulpit Sunday morning at the 11:00 o'clock hour of worship at the First Methodist church. A large attendance is expected since Rev. Gillette has a host of friends in Richmond.

## COMEDIANS TO GIVE PEPPY NUMBERS

Peppery comedy, plenty of a good, retching musical numbers, beautiful costumes, and a new feature in the person of Margaret Donaldson, Nat Holt's comedian, will appear today at the California theater in "Pap's Boyfriend."

A roll king force of modern American family life the plot presents the amusing and rapid-fire courtship of a present-day baby of youngsters and the futile endeavor of the girl's desperate father to prevent the wedding. Pick Maloney, the new comedian, will be featured in the role of the cranky old father and will be supported by Jimmie Edwards, Florence Sparrow, T. A. Howland, Florence Cleveland, George Heda and Miss Carol Donaldson. The featured musical numbers will consist of the Knight Riders, "In the Saddle," "A Great Great Girl," George Heda with the "Billowy Sea," Florence Cleveland rendering, "When You're Away," a specialty by Pick Maloney and Margaret Donaldson offering, "Are We Down Hearted?"

The photo-play offered in conjunction with the Holt Players will be "Annapolis."

## Freighter At Anchor Here

The J. J. Moore line freighter Anglo Indian will anchor at the Pier-Richmond Terminal corporation wharves today and will be followed tomorrow by the Carissa of the same line. The Pacific Mail of the 'K' line loaded a cargo of petroleum products for the Orient and departed last night.

## Frank Ancelto Rites Conducted

Funeral services for Frank Ancelto, 55, were conducted yesterday from the Wil and Kratzer chapel. Interment was in Sunset View cemetery. Rev. F. H. Prince of the First Methodist church officiated.

## Richmond Loan To Disband Business

The Richmond Loan and Finance company is preparing to liquidate its loan and disband business, according to an announcement yesterday. Stockholders of the concern will meet tomorrow. Joseph Reed is manager of the loan company. The "char-acter" loan plan recently announced by banks is given as the reason for the dissolution of the loan company.

# THE HOME TOWNERS

BY JOHN LEARY PELTRET

FROM WARNER BROS. "ALL TALKING" VITAPHONE PICTURE

...BASED ON THE COMEDY BY GEORGE M. COHAN...

SYNOPSIS—Arnold invites Bancroft to be best man. Bancroft suspicious of peace and family raises row. Engagement broken. Girl returns wedding gift by brother which mysteriously disappears, but gets the fiancée and family back to Arnold's apartment.

**CHAPTER XII**  
WHEN things have reached fever heat between the Calhouns, Mrs. Bancroft and Arnold, Bancroft tells them all to be quiet and take seats while he speaks. He has replaced bracelet in jewel case and hands it to Arnold. Then he proceeds to tell them that Wally was right when he called him dangerous, small minded, etc., and that he would be careful in the future.

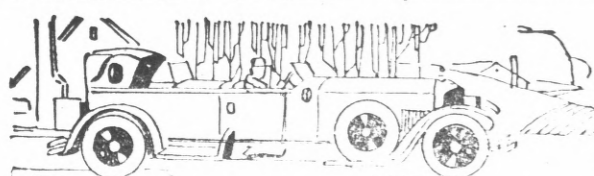

AS Bancroft finishes his talk Arnold opens the jewel case to find the bracelet restored. Beth begins to cry. Bancroft explains that since he had, by his actions, driven Beth and her family out of Arnold's home and life, that it was up to him to do something to get them back again and taking the bracelet was inspired by that desire to make amends.

THE ice being broken, he asks the ladies to go in the next room and see the handsome gown he bought his wife for the wedding. They go to express their appreciation for its beauty. The men get together and Arnold proposes a bottle of champagne to celebrate. Calhoun says he must open it, as that is his business and Wally drags down the glasses. They all drink a toast.

WHEN the tale is told Arnold has reversed his order to sell control of the bottle washing device. Wally has promised that he will be at the office promptly on time the first day after the wedding. Bancroft vows he will tell his cronies in South Bend to watch their step when dealing with city people and Beth and Arnold are united again and happy in the arms of one another.

## STUDEBAKER 8 SETS NEW RECORD

Studebaker automobiles have broken so many records recently that it has been difficult to keep track of them all.

According to Lester Thomas, local Studebaker salesman, the record for all started about a year and a half ago when the Studebaker Commander traveled 3,000 miles in 499 minutes. Then came the famous 25,000 run by the Commander in which the average speed was over 65 miles an hour for the entire distance. Then came the astonishing triumph of the four President Eights that whirled around the Atlantic City speedway for 30,000 miles, averaging from 61 to 68 miles an hour for the entire distance.

That demonstration of speed and endurance was heralded the greatest engineering achievement in automotive history. Not satisfied with 114 official A. A. A. stock car records, Studebaker about a month ago sent two President Eight roadsters around the Atlantic City speedway for twenty-four hours and they averaged better than 55 miles per hour.

"No car could do what Studebaker's President Eight has done unless its materials were thoroughly tested, unless it was built with split-hair precision and thoroughly tested and inspected before it was released from the factory," stated Weaver.

Studebaker maintains its own research and experimental laboratories as well as a proving ground. Here a large corps of skilled technicians make countless laboratory and strenuous road tests before the car is finally approved.

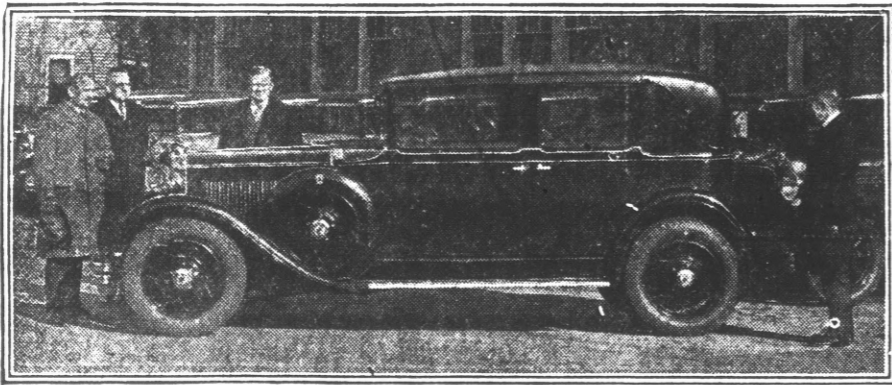

## Red, Yellow, 1929 New Mexico Plates

New Mexico's 1929 automobile license plates consist of red numerals on a cream yellow background, according to the California State Automobile association.

## Wyoming's Plates Maroon On Grey

Wyoming's 1929 automobile license plates consist of maroon numerals on a pearl grey background, according to the California State Automobile association.

## Hundred Thousandth '400'

NASH manufacturing plants stood at attention recently when the hundred-thousandth of the famous "400" series, built since the start of the new models last June, rolled from the final assembly line in Kenosha. Officers of the company are here shown grouped around the Advanced Six Ambassador model.

## U. S. LEADS IN CAR PER MILE

AUTO GRAPE

There are 481 motor vehicles for every mile of highway in the United States, according to the California State Automobile association.

The following body losses this statement on figures, compiled from the Department of Commerce, and points out that Europe has 297 cars to every mile of highway, which indicates not a large number of cars in Europe, but a relatively small highway mileage.

The association says there are seven motor cars in the United States to every mile of improved highway, as compared with 2.5 to every mile in France, .68 to every mile of road in Germany, and 1.61 in the United Kingdom. The statement continues: "The total mileage in the United States is almost equal to that of the rest of the world. The country has 2,992,411 miles of road, as compared to 6,000,000 in the entire world. There are a total of 1,161,125 motor vehicles in the world."

## Mexican Gas Tax Denotes Big Increase

Receipts from the tax on gasoline in Mexico have increased considerably over those received last year, according to a report from the Minister of Finance received by the National Automobile club.

The increase is attributed to the rise in the sales of gasoline owing to the greater popularity of the pleasure car as well as the growing use of truck lines that are replacing the more antiquated pack animal and wagon trains of an older day.

Following the example of most of the United States, the Mexican gasoline tax on gasoline sales is used for the construction of new highways and the maintenance of those already in existence.

Of which 25,000,000 are located in North and South America and 25,000,000 of the number in the United States.

READ IT FIRST IN THE RECORD-HERALD

## NEW NASH CAR PRAISED BY PUBLIC

"Since the advent of the Nash '400' series there has been a wealth of glowing comment on the striking speed, power and flexibility of the new motors which power the Advanced Six and the Special Six models," said H. P. Huddleston, local Nash dealer.

"The answer lies in the fact that Nash engineers incorporated for the first time five great advanced principles of design in this engine," explained Huddleston.

"Twin ignition is the keynote of the wonderful performance records which we are constantly getting from '400' owners."

"Twin ignition develops more power and speed with great economy, an added advantage which owners have not been slow to appreciate."

"The other four improvements, which operate jointly with dual ignition to promote engine efficiency, are high compression, valve-in-head construction, Bonafide aluminum alloy pistons and a seven-bearing crankshaft with hollowed crank pin which greatly reduces centrifugal load and increases speed."

"The result is that at 'get-away' top speed or an intermediate point, in either second or high, there is a smooth, quiet application of power beyond anything heretofore achieved. You pick up with remarkable alertness and accelerate swiftly to the maximum speed with luxurious ease and evenness."

## Lawyer Tells Of Duties Of All Motorists

The popular conception of the right of motorists regarding turns seems to be based on the usage of "First come first served" or perhaps the Spartan theory of "All is well that is gotten away with." In any event, these maxims or theories are not applicable in California. According to the Legal Department of the National Automobile club the law of this State clearly provides that a duty rests on every motorist before starting turning or stopping, to first see that such movement can be made in safety, and if it cannot, then the driver must wait until it can be so made. This law is particularly applicable to motorists making left turns in the more congested districts as sudden and unwarned turning subjects the operator to the damages he causes thereby.

## Hard Grease To Be Used On Car Pump

If you grease your own car, keep a can of special hard grease for the water pump shaft, suggests the free emergency road service of the California State Automobile association. Regular grease is too light and works its way into the water circulation system, clogging the radiator and allowing leaks around the packing nut.

## STATE RICH IN FUTURE CAR FUEL

California has enough waste products, fruit for instance, to produce 22,000,000,000 gallons of commercial alcohol which, when mixed with the right proportion of gasoline, would produce enough motor fuel to operate all of the internal combustion engines in the world according to information given the National Automobile club.

The claim is put forth by chemists that alcohol can be manufactured in California and other parts of the country from waste products at a cost of about one cent per gallon. This would make operation of motor cars and other internal combustion engines so cheap that almost everyone in the world could own a car.

In addition it is claimed that this will solve the fuel problem forever and that the perpetual cry of petroleum exhaustion will be still never to be heard again.

It also is declared that alcohol is now being produced extensively in foreign countries and that it is very effective when mixed with ten per cent of gasoline.

Alcohol is now being produced in Cuba at a cost of about four cents a gallon, and in this country the cost is about 40 cents a gallon which makes it prohibitive for motor car fuel purposes, VanderZee points out that Plymouth Car

## Mechanical Brakes Should Be Oiled

If your car is equipped with four-wheel mechanical brakes use a pressure oil can and oil all moving parts such as levers, shafts and clevises with a light grade of oil, advises the free emergency road service of the California State Automobile association.

world could own a car.

In addition it is claimed that this will solve the fuel problem forever and that the perpetual cry of petroleum exhaustion will be still never to be heard again.

It also is declared that alcohol is now being produced extensively in foreign countries and that it is very effective when mixed with ten per cent of gasoline.

Alcohol is now being produced in Cuba at a cost of about four cents a gallon, and in this country the cost is about 40 cents a gallon which makes it prohibitive for motor car fuel purposes, VanderZee points out that Plymouth Car

## Plymouth Car Announces New Sales Leader

J. W. Frazer, sales manager of the Chrysler Sales corporation, announces the advancement of a VanderZee as a director of sales.

VanderZee became connected with the Chrysler corporation in 1927, admirably equipped by long experience in business, principally in the automobile industry.

In 1927 VanderZee joined the Chrysler corporation as regional manager in charge of the south-west region with headquarters at Cincinnati. In February, 1928, still in the capacity of regional manager, he was transferred to New York, where he had charge of the Atlantic region.

In his newest capacity as a director of sales, VanderZee will devote especial attention to the promotion of the new Plymouth, Chrysler's entry in the field of low-priced automobiles.

VanDerZee points out that Plymouth Car

## S. F. Approves New Type Signs

Illuminated boulevard stop signs will soon be flashing their warnings to motorists at intersections with main thoroughfares in San Francisco. The traffic committee of the Board of Supervisors has approved a recommendation that funds be provided to turn "jules" into these signs. This special type of sign was designed by the road signing department of the California State Automobile association to meet conditions in San Francisco. On the reverse side they bear the names of the intersecting streets.

month is rounding out its first half year, and that throughout this time it was being almost continuously oversold. Plant facilities have been greatly enlarged to provide for this demand and plans are being perfected to take care of the still greater public demand that dealers report is inevitable during 1929.

# Studebaker announces a new World Champion President Eight

... of greater power, beauty and luxury

**\$1785** at the factory

115-horsepower motor; Double-drop frame; New, longer, lower lines; Dual carburetion; Non-shatterable windshield; Adjustable front seat; Automatic choke control; Safety steel-core steering wheel; Ball bearing spring shackles; Houdaille hydraulic shock absorbers

AT THE moment when eager eyes turn to the newest offerings of American automotive genius, Studebaker announces a surpassing achievement—a new and finer world champion President Eight! A motor car priced in a range where such performance, such luxury, such beauty of coachcraft and color, have never sold before!

In traveling 30,000 miles in 26,326 minutes the great President Eight officially demonstrated more speed and endurance than any other regular factory production car the world has ever known. The President Eight today holds every official speed and endurance record for fully equipped stock cars.

Today's motor car is the eight! At the recent Paris Salon de l'Automobile—at the Olympia Motor Show in London—on the boulevards and highways of America during the past twelve

months, the trend of motor car demand has been unmistakably to the straight eight.

## The Eight is THE Car. This is THE Eight!

It has been Studebaker's privilege, through providing the first truly great eight of moderate cost, to be the standard-bearer of the industry in the swing toward this finer, more flexible, more suave and pliant transportation. Dramatically and sensationally, Studebaker's President Eight led the way.

But the engineering genius which created such a car could not rest idly on its laurels. Hence today, Studebaker presents a still greater President Eight—the triumphantly successful product of Studebaker's research laboratories and million-dollar Proving Ground.

This new President Eight is as near to a perfect motor car mechanically as champion-builders can make it. It is a large car—but not bulky. It is a genuinely beautiful car—a smart car—with good taste in every line and in all its appointments. It is a fast car, and enduring. Its manners and its comforts await your appraisal in Studebaker showrooms today. Come, drive a champion!

Delivered fully equipped

**Without a doubt—the Motor Car Industry's Easiest Steering Motor Car**

If you will ask one of your friends what he thinks of his new Nash "400", he'll tell you among other things, it is the easiest handling car he ever laid hands on.

When you drive the "400", as you certainly should, to know what is newest and finest in modern motoring, you'll discover that he did not overstate the facts. Women drivers maneuver the "400" through traffic and around corners with the ease and precision of strong-armed chauffeurs. The "400" turns in a shorter radius. A mere touch turns the wheel.

This great new motor car has more features of outstanding desirability and value than any other car you can buy today. Everyone who drives it immediately becomes a "400" enthusiast.

We only ask you to drive this new motor car before you decide which car to buy. It performs on the road just as it does in this advertisement.

## BUICK SAFETY PLAN WINS PRAISE

Increasing accidents and fatalities to traffic policemen in cities and towns throughout the country during the past year have given impetus to a wide-spread movement for better safeguarding these public servants, according to information gleaned from a survey just completed.

Statistics reveal that traffic officers face their greatest danger of injury while occupying stations on storm evenings and it is to better protect them during these periods that initial efforts are being largely directed. One of the most serious students of the problem, Capt. Charles Goff of the San Francisco department, believes that much of the danger on stormy nights may be eliminated by making the officers more easily visible to motorists.

Taking occasion to compliment the street and highway safety campaign lately launched through the nation-wide organization of Buick dealers by E. T. Strong, president of the Buick Motor company, Capt. Goff recently detailed to a group of Pacific Coast Buick executives steps taken by him thus far in solving the traffic officer problem. At present he is investigating the feasibility of equipping his policemen with white rubber raincoats to replace the black slickers and hats now in use.

"The majority of mishaps to members of my force have occurred on rainy nights," he explained. "This has been largely due to motorists failing to see the policeman on account of his shining black raincoat and hat blending confusingly with the shifting black and glaring background. Safety experts have recommended the use of white or other light colored coats for night wear. These, they declare, are easily visible under all conditions and will provide the much needed protection for our officers. We are at present examining several different submitted types."

With the aid of a Silver Anniversary Buick sedan, Captain Goff, after donning one of the new white coats, demonstrated its high visibility in the midst of traffic at one of San Francisco's busiest intersections.

C. C. Kratzer, Tenth street and Bissell avenue is the Richmond agent for the Buick line.

## Each Car Uses 200 Gallons Of Gas In 6 Months

Every motor vehicle in the United States uses an average of approximately 200 gallons of gasoline during the first six months of 1928, as compared with about 170 gallons during the same period of 1927 according to the California State Automobile association.

The motor body bases this statement on a gasoline consumption of 4,652,392.535 gallons during the first half of the current year, 2,971,423.511 gallons in the first half of last year, and a total of 7,623,816.046 gallons for more than 23,000,000 motor vehicles.

"This upward trend in gasoline consumption," indicates an increased use of the average motor car. It reflects the large increase in motoring in 1928 over any previous year.

"The large amount of gas sold has made possible a greater mileage of improved highways, as the revenue collected by the states from the gas tax amounted to \$140,635,398 in the first six months of the year, which is \$38,384,557 more than the revenue from the same source in the first half of 1927."

## Adjust Throttle To Idle Engine

Adjust the throttle lever on your car so that engine will turn over slowly when the lever is in completely closed position, advises the free emergency road service of the California State Automobile association. An adjustment screw is usually located at the carburetor.

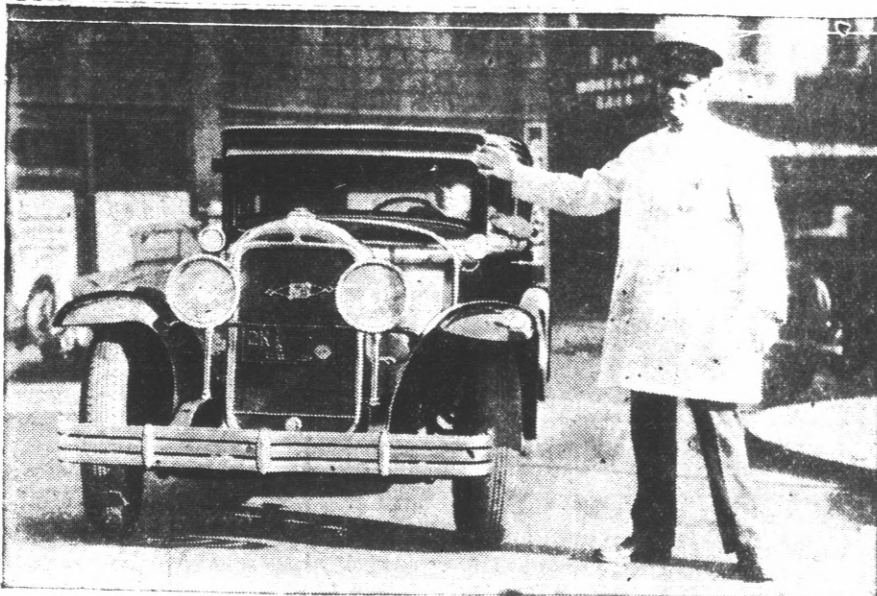

## Balloon Tires In Lead In Industry

Balloon tires were greater by more than two million than high pressure types in the total number, according to commercial reports received by the California State Automobile association. Total production was 63,549,949 during 1928.

## Motorists Urged To Clean Vacuum Tank

Clean the vacuum tank of your car occasionally to avoid stalling, suggests the free emergency road service of the California State Automobile association. If clogged, the vent hole in the filler cup on the gasoline tank may cause trouble with the vacuum system.

## White Coats For Safety

HEAVY LOSS of life and limb by traffic officers in cities all over the country during the last several months through inability of motorists to see policeman on rainy and foggy nights has led many Pacific coast cities to take steps to equip traffic forces with white raincoats. Here is Capt. Charles Goff of San Francisco with the aid of a silver anniversary Buick demonstrating one of the new "safety-coats."

## Changes In Brake Laws Urged By Motor Association

Motorists will have a definite standard by which to judge their compliance with the law requiring adequate brakes if an amendment to the California Vehicle Act recommended by the executive committee of the Motor Vehicle Association is adopted by the 1929 Legislature.

According to the legal department of the California State Automobile association, the lack of a definite standard in the law at present has led to confusion. The amendment provides a table of stopping distances according to speed on a dry asphalt or concrete pavement, where the grade does not exceed one per cent, as follows:

At ten miles per hour, vehicles should be capable of being stopped in 9.3 feet; at fifteen miles per hour, 20.8 feet; at twenty miles per hour, 37 feet; at twenty-five miles per hour, 58 feet; at thirty miles per hour, 83.3 feet.

## PLYMOUTH CAR PRICES CUT BY FIRM

Prices on all Plymouth closed cars were reduced, effective Dec. 21, by the Plymouth Motor corporation, division of the Chrysler corporation. The savings are from \$25 for the two-door sedan, and \$30 for the coupe with rumble seat, to \$40 for the four-door sedan and de luxe coupe, according to Harry Curry of the Curry Auto Sales Co., 1401 Macdonald avenue, Richmond dealer.

New economies in manufacture almost revolutionary even to the building of motor cars, together with the big public demand for the Plymouth have created ever since its introduction to the public last July, make this action possible, said J. W. Frazer, Plymouth sales manager.

"The economy in buying and operating a Plymouth, its full size and quality features, have created for our car such a demand that we can pass the savings on to our potential buyer in the form of lowest priced cars," said Frazer. "The Chrysler history, no other has ever built offers so large a proportion of the public car opportunity for economy."

The new price range, which now extends from \$655 for the coupe with rumble seat, to \$695 for the four-door sedan and de luxe coupe, is the lowest at which any Chrysler built car has ever been sold.

There will be no changes in the quality, large size or economy in ownership of the car, Frazer continued. Enlargement of manufacturing facilities for the Plymouth to meet the extraordinary demand it has created have been under way practically since the day it was announced and are now nearing completion. This will permit an output by April 1 of more than twice what it has yet attained, Frazer said.

Complete new Plymouth factory prices, effective throughout the United States, are:

Coupe with rumble seat, \$655; two-door sedan, \$675; roadster with rumble seat, \$675; four-door sedan, deluxe coupe and touring each \$695.

Officials of the Chrysler corporation state that no price reductions on any other Chrysler products are contemplated.

## Indiana Leads In School Buses

Indiana has the largest number of school buses, with a total of 5,055 serving 80 schools, according to the California State Automobile association.

## FREE SAMPLE

Call for a free sample of Indian herbs compound at any of the local agencies where samples are given out and herbs sold. They are an excellent liver regulator for sluggish bowels, kidneys and constipation.

Indian Herbs are for sale by all the local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald ave.

## CALIFORNIA TO WAR AGAINST BILLBOARDS

California is the latest state to join the battle against the billboard, the highway of the state and the highway of the state. The state is now warring against the billboard, the highway of the state and the highway of the state. The state is now warring against the billboard, the highway of the state and the highway of the state.

Additional legislation, he has stated, is necessary to remove them from private property along the highways and he hopes to obtain this with the support of the state motorists behind him.

The fight is likely to be a long one, as it is a battle against the billboard, the highway of the state and the highway of the state. The state is now warring against the billboard, the highway of the state and the highway of the state.

The fight is likely to be a long one, as it is a battle against the billboard, the highway of the state and the highway of the state. The state is now warring against the billboard, the highway of the state and the highway of the state.

The fight is likely to be a long one, as it is a battle against the billboard, the highway of the state and the highway of the state. The state is now warring against the billboard, the highway of the state and the highway of the state.

## Damages Heavy In Forest Fires

Forest fires in California during the past year have cost \$1,125,000, according to reports received by the California State Automobile association. Up to November 20, there were 2,005 forest fires reported to the state department showing 781,614 acres burned over. Grass fires led with 347,929 acres burned over. There were 321,934 acres of brush devastated, while timber acreage devastated was estimated at 76,156 acres. There were nearly 15,000 acres of grain destroyed.

# The New BUICK

... as new and unrivaled to-day as the day it appeared

With all makes of cars on display—with the improvements for 1929 a matter of record—it must be plain to everyone that the new Buick with Masterpiece Bodies by Fisher merits final recognition as the most advanced automobile of the day!

Its arresting new body lines and contours stamp it immediately as the newest and most distinctive motor car style. Its new Valve-in-Head six-cylinder engine is not only the most powerful automobile engine of its size in the world but the leader in getaway, swiftness and stamina as well. Moreover, a host of new luxury factors makes the new Buick the most comfortable automobile to ride in and to drive.

Scores of thousands of buyers have recognized these facts and entered orders for the new Buick during the past five months. And scores of thousands of others are acclaiming Buick's advanced quality at automobile displays throughout the country.

Every comparison proves the new Buick an outstanding value—as new and unrivaled today as the day it appeared!

Coupe . . . \$1195 to \$1875  
Sedans . . . \$1220 to \$2145  
Sport Cars \$1225 to \$1550

## A Triumph of Value Giving

Economy with Full-Size — Plymouth is the outstanding full-size car in this price class, giving room for five grown-ups, with real economy of operation.

Economy with safety — Plymouth's weatherproof hydraulic four-wheel brakes give instant stopping in any weather—another feature possessed by no other car near this price.

Economy with power — Plymouth's 45 h. p. engine assures typical Chrysler pick-up and get-away plus ability to maintain high averages with smoothness.

Economy with modern engineering — Chrysler engineers designed Plymouth's modern high-compression L-head engine embodying such important improvements as aluminum alloy pistons, large main bearings, positive pressure-fed lubrication, rubber engine mountings and torque reaction neutralizer.

Plymouth Prices Effective December 20th — f. o. b. Detroit.

Coupe . . . . .	\$655	2-Door Sedan . . .	\$675
Roadster . . . . .	675	De Luxe Coupe . . .	695
(with rumble seat)			
Touring . . . . .	695	4-Door Sedan . . .	695

Chrysler Motors' great cardinal principle in designing and building the Plymouth is to give the highest possible quality, the greatest possible value, dollar for dollar.

If you will compare the Plymouth, feature by feature, with

the few other cars in the lowest-priced field, you will need no salesman to point out Plymouth's many superiorities.

Plymouth is winning on the score of greater dollar value—and you can prove that fact to yourself in far less time than it takes to tell you.

#### School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or any pain or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. It works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

FRIENDS AND NEIGHBORS SURPRISED BY MY QUICK RECOVERY

San Jose, Cal. Nov. 13, 1928. To Whom It May Concern:

For some time past I suffered with nervous attacks similar to those of St. Vitus Dance. My speech was so affected that I could scarcely make myself understood. My heart beat fast and nervousness was known to me in vain. Then I was recommended to try the Fong Wan Herbs. Now, after but two weeks of that treatment, I am completely well.

My friends and neighbors as well as the men who formerly treated me are all surprised at my recovery in almost no time. All inquire as to whose skill has brought me such wonderful and quick relief.

(Signed) JOSEPHINE DOMINGUEZ, (Attested by her mother, Mrs. Anna Dominguez, 645 Elmer-st., San Jose, Cal.)

People who wish to learn more about Fong Wan's knowledge of herbs and methods of healing should get his new book free at his office or mailed to any address upon receipt of 10c postage.

## STATE BANKS ON FIRM BASIS REPORT

SAN FRANCISCO, Jan. 5.—California state banks were on a sounder basis than they are at present, according to W. H. C. Wood, assistant director of banks in the Nineteenth Annual Report of the State Banking Department to Governor Young. The report, which is being sent to all members of the 1929 legislature, contains a discussion of the working of the California Bank Act, Wood says, and points out one of the best in the United States.

Wood characterizes the general development of the state in 1928 as "satisfactory."

"Bank charts in all cities filed with the Federal Reserve Board, except two, show healthy condition. Employment at last summer was about 2 per cent greater than in 1927. Manufacturing has been nearly as satisfactory as in 1927, with distinct improvement in the metal industries. Wholesale and retail trade on the Pacific Coast last August were about 4 per cent greater than in 1927. Building activity has fallen off somewhat in the last year, but automobile distribution has been more active."

### Assets Increase

"Total assets of state and national banks in California increased from \$3,833,955,000 on June 30 to \$4,023,179,000 on June 30, 1928. Total deposits increased from \$3,041,122,000 to \$3,127,280,000. Even the banks that reflected in their assets the effect of the agricultural depression, have made satisfactory progress. Our city banks have made better than normal growth."

In pointing out the dangers which lie in the agricultural situation, Wood suggests several solutions to the problem presented by over-produced varieties of farm products:

1. Each special crop must develop markets to keep pace with increasing production or

2. The growers must await the time when prices of the present plantings will diminish production to balance consumption.

3. The growers must adopt sufficient acreage to balance consumption.

The growers must organize effective cooperative agencies for marketing their products and eliminate the middleman and various other factors to the point where production balances consumption.

### Changes Urged

The chief changes in the Bank Act and related laws concerning the function of the banking department and Bond Certification Commission which the department urged are:

1. The raising of the minimum capital requirement for new banks from \$25,000, which it is at present, to \$50,000.

2. The raising of capital requirement for new branches to \$50,000, Sec. 9.

3. Improvement of procedural

## Here's Bunch Of Good Skates

FIRST real skating in the vicinity of New York this winter. These youngsters are taking advantage of it at Mills' pond, Fairview, N. J. Christmas skates came in just right.

## High Fliers

CAPT. A. W. STEVENS (left), and Capt. St. Clair Streett, altitude stars of the U. S. Army Air Corps, wearing their electrically heated flying suits which they wore when they took the world's loftiest photo over Wright Field at a height of over seven miles.

## Many Requests Received For Program Here

According to Rev. Weldon Wilson of the First Baptist church, a large number of requests have been received from Richmond residents for the George Otto Hawaiians who will appear at the church parlors Tuesday night. All requests sent in will be played by the musicians.

## School Board To Open Bids On School Bus

Bids for a 50 passenger bus to serve the Orinda district will be opened by the Richmond Union high school board at its meeting, Jan. 21, according to an announcement by Walter T. Helm, superintendent of schools.

Four bids were received at Helm's office yesterday from Harry Curry, C. C. Kratzer, Charles M. Conright and the Eagle Boy company.

At present the pupils from Orinda are being transported in one of the elementary school buses.

## Oakley Man Dies From Car Injury

MARTINEZ, Jan. 5.—Alexander, Monroe, 73, of Oakley, struck by an automobile while walking on the highway near Oakley, Dec. 19, died in the county hospital here today from a fractured skull. Mrs. S. Moody of Knightsen, driver of the car, followed the accident declared that she did not see the man in time to avoid striking him.

## Coroner Has New Secretary

Mrs. Etta M. Shell has been appointed coroner's secretary to succeed Mrs. Alex. McGlamery, according to an announcement yesterday by Coroner Aubrey Wilson. Mrs. McGlamery has moved to Oakland where McGlamery has accepted a position with an Oakland undertaking parlor.

## ALAMEDA CAGE TEAMS BEAT RICHMOND

The Richmond Y. M. C. A. basketball squads lost two tough games to the Alameda basketball squads last night at the Roosevelt high school gymnasium.

In the first game of the night the Alameda Hi-Y cage team trounced the local Hi-Y team 43 to 8 in a fast game. The local boys were unable to penetrate the Alameda defense.

In the second game of the night the Y. M. C. A. 1-0 pound team lost to the Alameda high school squad 16 to 12.

The lineups:

Alameda Hi-Y (43)—Rid. n. Burger, Vierra, Shutz, forwards; Harvey, Vargas, center; Matheson, Lombach, guards.

Richmond Hi-Y 8 Maffiani, Sen. Wright, forwards; Black, center; Theis, Ferguson, guards.

Alameda Hi (16)—Burger, Smith forwards; Harvey, center; Loring, Matheson, guards.

Y. M. C. A. (12)—Christian, Bosco, Sassone, forwards; Mello, Black, Malone, centers; Craig, Fowler, guards.

## San Pablo Nine To Tangle With Clothier Nine

The Johnson Clothiers and the San Pablo ball clubs will tangle in an Oakland mid winter league ball game this afternoon at 2 o'clock at the San Pablo ball park. The Johnson Clothiers are one game below league leadership. The Piggy Wiggly team is leading the league.

Guy Renny and Fireman Earl Jones will be on the mound for the Clothiers. Either Carl Kamb or Roland Roberts will pitch for San Pablo.

## Death Threat Sent To Judge

JUDGE ROBERT E. GENTZEL, who received a death threat during the Angelo Pettiti kidnapping trial in Chicago. Judge Gentzel professed not to be worried by the threat.

## Blanchard Rites Here Tomorrow

Funeral services will be held from the Bert Curry chapel funeral parlors tomorrow morning at 9:30 o'clock for Charles Blanchard, Richmond pioneer. Interment will be in Sunset View cemetery.

Deceased is survived by his widow, Mrs. Mary Blanchard, and a daughter, Mrs. Agnes Rhoda, of Los Angeles.

## Crisp To Meet Liner In Bout At El Cerrito

Al Crisp will tangle with Billy Liner in the main event at the El Cerrito Athletic club Friday night.

Crisp recently took a decision over Pete Samiento, Filipino bather in 10 rounds in San Francisco. Liner has been going good since entering the fights. Friday night he defeated Kasuo Takahashi in San Francisco.

Frankie Sands, who defeated Irish Mickey Cone here two weeks ago will meet Young Sammy Rice of San Jose in the semi-main event.

Mickey Brown of Richmond will battle Lou Richards, a youngster, and Pope Tripodes will battle Marty Martinez.

Pete Mazzie vs. Baby Face Ketchel and Frank Loveland vs. Dick Edwards complete the card.

## Daughter Left Larger Part Of Oakley Estate

MARTINEZ, Jan. 5.—The estate of the late Enoch Oakley of Richmond is valued at less than \$10,000, according to the will filed in superior court here today by the American Trust company, named as administrator.

Each of six children are bequeathed \$50 and the residue of the estate goes to a daughter, Laura, who, the will recites, made a home for Oakley for several years.

## Gasoline Lamps Banned In City

Gasoline stoves and lamps will be banned in the city of Richmond according to Fire Chief W. P. Cooper. Cooper reported that he had found several such stoves in Richmond recently and had ordered their use discontinued.

## SOCCER CLUB TO PLAY HERE

The Richmond and San Leandro Soccer teams will officially close the season of the East Bay Junior Soccer league this morning at 10 o'clock at Nicholl field. The local boys have clinched second place in the league.

Following today's games the Richmond boys will immediately sign up for games with independent teams in the central section of the state. They have already tentatively arranged to play the Petaluma Spartans, The San Francisco Junior Thistles and the Sacramento Juniors.

Deceased leaves a widow, Mrs. Sarah E. Ehlers of San Pablo.

## Ehlers Funeral Rites Held Here

Final rites were conducted yesterday for Henry Ehlers, 65, pioneer resident of this district. The services were held from the San Pablo Baptist church under the direction of Rev. H. H. Stagg. Cremation was at the Berkeley crematory.

Deceased leaves a widow, Mrs. Sarah E. Ehlers of San Pablo.

## Catholic Aid To Recite Rosary

Members of the Catholic Ladies Aid society will meet tonight at 8 o'clock in the Curry funeral chapel to recite the rosary for the late Charles Blanchard. Mrs. Rose Maffiani, president, will lead the ceremony.

### NOTICE

Harbor Lodge 502 will resume regular meetings with stated meeting Monday Jan. 7th. E. M. MILNER Master

# BIGGER and BETTER THIS YEAR!

## Get Ready for Big Things In 1929!

Richmond is just getting into its stride. Witness the number of inquiries for industrial sites, steady increase in population, plans for street developments, continuance of heavy payrolls at the big industries, and the progress being made toward full development of the inner harbor.

In all these forward-looking movements the Richmond Chamber of Commerce has played its part. In all the worth-while movements of the new year the Chamber will continue to play its part.

Let us all resolve to pull together for community progress and industrial development!

# RICHMOND CHAMBER OF COMMERCE

## Christian Science Lesson Subject

"God" the subject of the Lesson Sermon Sunday, Jan. 6, in all Churches of Christ, Scientist, branches. The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations, which comprises the Lesson-Sermon includes the following from the Bible: "Is not God in the height of heaven? and behold the height of the stars, how high they are! Acquaint now thyself with Him, and be at peace: thereby good shall come unto thee" (Job 22: 1-5).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Unless the harmony and immortality of man are becoming more apparent, we are not gaining the true idea of God; and the body will reflect what governs it, whether it be Truth or error, understanding or belief, spirit or matter. Therefore, acquaint now thyself with Him, and be at peace." (6, 324).
